Hold me,

Verse 2

She makes me hear
Clear to think
Surprised myself
To worn to blink
Another cross
To put aside
She reaches there
And des not hide
And oh so near
That much is clear
And now i know
But will she hear? Will she hear?

Chorus:

Hold me, all ways

Verse 3

She makes me now
Shows no fear
All alone
Imagine this
She times it right
Hasn't quit
Holds the cup
Says drink of this
Drink of this
Take enough
When you're done
We can, when we love

Chorus:

Hold me, always
